Re: GS Metal LLC

Letter of Reference

Dear Sir/Madam:

Over the course of several years we have done business with GS Metal LLC. The scopes of work varied from handrails, guardrails, light structural, and miscellaneous metal on several projects, all of which were completed satisfactorily and on time.

Erich Gerber has proven to be very responsive to our needs for pricing and can be counted on to adequately research the jobs (on paper and on site) and turn in a competitive bid.

We have enjoyed working together so far and look forward to doing more successful projects in the future.

Sincerely,

A handwritten signature in blue ink that reads "Paul Bartos". The signature is fluid and cursive, with the first name "Paul" and last name "Bartos" clearly legible.
